Statement of Variance Request for Water Well Location

RE: Legal Description of Property where water well will be located: _____

+++++

Variance Request

A request has been made by _____ to drill and equip an exempt use water well located at _____ in _____ County. The location of this proposed water well does not meet District requirements as stated under **Rule 5.6(B)** of the Mid-East Texas GCD Rules. This variance for the location of this proposed water well is being filed pursuant to **Rule 5.7**.

Therefore, I _____ do hereby grant a variance as to the location of this proposed water well and will not hold the owner mentioned above liable for any harm caused by the pumping of this water well; as long as the water well owner stated above follows the Rules and Regulations of the District pursuant to the use of a non-exempt water well.

This variance document must accompany a completed "Water Well Drilling Registration Application" form for use in drilling, equipping or altering any domestic, livestock, poultry or wildlife use water well located within the political boundaries of Madison, Leon and Freestone counties that is drilled and equipped to be unable to produce more than 50,000 gallons of groundwater per day; or 35 gallons per minute (gpm).
